Features & Benefits

This First Aid Module is ideal for adding to your existing First Aid Kit.

The Module is designed to supplement your Kit and offer personal protection from body fluids when providing treatment to an injured person and may offer protection and a means of sanitising when treating an infectious casualty.

First aiders should always assume they could be exposed to infection. This module contains protective equipment to prevent contact with bodily substances.

The Module comes in a handy clear click seal bag, that can be opened easily.
