

Floor Cleaner

DESCRIPTION & BENEFITS

Floor Cleaner is a viscous pink liquid with a lemon and ammonia odour. Floor Cleaner is formulated using a blend of anionic and non-ionic surfactants with metal complexing agents built into concentrated detergent. It is capable of grease cutting, soil removal and cleaning most washable floors and surfaces at a low cost price. It has an efficient emulsifying action and therefore a wide spectrum of valuable uses.

Floor Cleaner is low phosphate, non corrosive, residual free and non flammable. It is suitable for use on most washable floors, such as tile, vinyl, timber, ceramic etc.. and is also suitable for toilets, baths, stoves, sinks, bench tops and windows.

- ✓ Light Alkaline, PH=9.5-11.0
- ✓ Non Corrosive
- ✓ Grease Cutting
- ✓ Safe on most floors
